ATTACHMENT 2
SCOPE OF WORK
Request for Proposals
Program Management Services
Community Development Block Grant – Disaster Recovery
Puerto Rico Department of Housing
CDBG-DR-RFP-2018-04
(Revised for Negotiations)

This document defines the program management tasks that the Proposer must perform in order to support PRDOH in the implementation and administration of two (2) Housing CDBG-DR Programs. The PRDOH reserves the right to retain program management of some of these programs internally and to select more than one Program Manager. A description of the two (2) Housing CDBG-DR programs is included in the Action Plan approved by the U.S. Housing and Urban Development (HUD) on July 29, 2018. A complete copy of the Action Plan is available at www.cdbg-dr.pr.gov/action-plan. The two (2) Housing CDBG-DR programs that will be subject to the Program Management services, are briefly described as follows:

1. **Home Repair, Reconstruction, or Relocation Program (R3)** - provides funding to repair damaged homes or rebuild substantially damaged homes in-place in non-hazard areas. Reconstruction activity returns otherwise displaced families to their homes in their same community. Homes become eligible for reconstruction when the property estimated cost of repair exceeds the lesser of \$60,000 or 50% of the current value – as confirmed through program inspection, or if a feasibility inspection determines that reconstruction is required. Duplication of benefit review is required to ensure no individual receives duplication of benefit for the same purpose and/or effect as funds provided from other sources to recover from the hurricanes. Applicant awardees must subrogate any additional funds received for damage caused by hurricanes Irma or Maria back to PRDOH. If additional funds are paid to applicant awardees for the same purpose as the housing assistance award received through PRDOH funding (i.e., repair or replacement of the damaged structure) after PRDOH has completed the repair/rehabilitation/relocation project, those funds must be returned to Puerto Rico. The Housing Relocation Program provides homeowners with substantially damaged homes located in high risk areas an opportunity to relocate to a safer location.
2. **Housing Counseling** - provides recovering residents with wrap-around educational services to promote understanding of housing and financial options such as: financial literacy education, homebuyer counseling, credit repair counseling, mitigate default/foreclosure proceedings, etc. Housing Counselors will be equipped to connect program participants with resources including, but not limited to, Voluntary Organizations Active in Disaster (VOAD), and other federally funded programs like Continuums of Care (COC), section 8, and rental subsidy programs. The Program Manager will assign program participants to Housing Counselors retained by the PRDOH.

The PRDOH is conceptualizing the implementation of the housing programs through the use of internal resources and outsourced consultants and contractors. Call Center Services will be managed at a centralized location for all programs implemented under the CDBG-DR grant(s). Call Center Services are being procured by the PRDOH separately from all other services. However, it is expected that selected Program Manager(s) staff offices with adequate staff to answer calls from applicants assigned to the Program Manager Team. For the Housing Counseling Program the PRDOH will establish agreements with HUD-approved Housing Counseling Agencies.

These agencies will be the entities responsible for the actual counseling services to be provided. The implementation of the Home Repair, Reconstruction, or Relocation Program will be divided into regions. For these programs the PRDOH will outsource general contractors to be responsible for the implementation of repair and construction works. The PRDOH will also contract independent environmental consulting firms to execute environmental reviews and studies, as well as test for the presence hazardous materials and develop abatement measures. The Proposer will be responsible for everyday management of the different tasks performed by the PRDOH's other contractors and consultants. The Proposer will also be responsible for the inspection of all construction works completed through the housing programs, except for homes located at participating municipalities or performed by other inspection firms of which additional details may be found further in this Scope of Work.

The Proposer will be directly responsible for ensuring the accuracy, timeliness, and completion of all tasks assigned under this contract. The scope of work presented is based upon circumstances existing at the time this Scope of Work is released. The PRDOH reserves the right to modify or delete the tasks listed and, if appropriate, add additional tasks prior to and during the term of the contract.

If additional CDBG-DR funds are allocated to Puerto Rico during the life of the contract, Proposer staff may be assigned to work on those future federal grants awarded and potentially expand those services to accommodate other similar programs yet to be defined. There is no guarantee of a minimum level of services which may be requested by the PRDOH under this contract.

Operations Start-Up

The Program Manager's key staff resources must be ready to begin working within two (2) weeks after the contemplated contract execution date. As the PRDOH may select more than one Program Manager, the specific municipalities or regions where each Program Manager shall perform work will be determined at the sole discretion of the PRDOH. Program Managers may not charge additional costs due to the PRDOH assignment of municipalities or regions. The Proposer must provide and secure the necessary office space, office furniture, office supplies and personnel to staff the offices. The PRDOH may redefine municipalities or regions initially assigned based on Program Managers performance, compliance, and quality of work. The PRDOH will not guarantee a minimum number of applicants or cases to be handled by the Program Manager. The Program Manager's offices must be set up to assist property owners with existing applications and must be located within the assigned region by the PRDOH. Offices must be set up and adequately staffed to accept applicants within forty-five (45) days of the contemplated contract execution date.

Task 06: R3 HQS Inspections

Per Unit Task

In relocation awards under the R3 Program applicants will have the option of purchasing an existing home to replace the storm damaged one. Program Manager will be responsible for inspecting such homes prior to program purchase for compliance with Housing Quality Standards. This task shall include the following:

- Scheduling the HQS Inspection with sellers within a week from the Program Manager being notified of the applicant's selection of a home.
- Coordinating an environmental assessment of the home with the PRDOH's Environmental Consulting firm and appraisal of the home.

- Inspect units, common areas, and exteriors to ascertain compliance with HUD's HQS.
- Documenting each inspection by completing an inspection report as approved by the PRDOH, and noting thereon when appropriate, information relating to the unit, deficiencies, and failures.
- Inform R3 applicants in writing, within five (5) days of the HQS inspection, as to the home's compliance with HQS.
- Ensure that all HQS inspections are certified by licensed professional engineer or architect in Puerto Rico.
- Any other activity required by HUD's or PRDOH's guidelines to ascertain HQS compliance.

If repairs are required to the unit to comply with HQS the Program Manager shall proceed with a damage assessment of the home to determine the scope of the work necessary to comply.

Additional Services (Allowance)

Per Unit Tasks

Specific cases may require the Program Manager to provide additional services to those stated above. For such services, the contract shall include an allowance and the Program Manager shall provide the PRDOH with unit pricings of the additional tasks to be performed. No additional task may be performed by the Program Manager without authorization of the PRDOH. Identified additional task at the moment are as follows:

Intake Centers

The PRDOH may request the Program Manager to set up additional intake centers for the programs. These additional intake centers are separate from the Program Manager's regional office and must be requested by PRDOH. The PRDOH is contemplating to set up these intake centers at municipal offices of the local government or at regional offices of the PRDOH. Regardless of the location determined by the PRDOH the Program Manager is expected to set-up requested intake offices and provide the necessary equipment for these offices to function. Intake centers will be paid by the PRDOH based on a per-office monthly lump sum amount. The Program Manager shall provide his proposed monthly lump sum amounts for the intake offices in the RFP Cost Form. Intake centers will be set-up at local municipal government offices or PRDOH regional offices. Therefore, it is not expected that the Program manager will have to incur in costs such as rent, utilities, etc. However, the Program Manager, for the intake centers, is expected to provide items such as furnishings and equipment for the centers (including such items as computers, printers, office materials, etc.). Program Manager will be responsible for the proper operation of the intake centers. Intake centers shall each have two (2) resources for the intake and processing of applications. The contract will include an allowance item from which, with the prior approval of the PRDOH, the Program Manager may be able to bill for the Intake Offices in operations for a specific period. At no time whatsoever may the Program Manager bill to the PRDOH over the total allowance amount included in the contract for Intake Offices. If additional funds are required for the allowance, then the proper amendment to the contract shall be executed between the parties to allow for the additional budget.

Appraisal of Home Market Values

Certain cases may require the appraisal of a home's current value. For such cases the Program Manager will be responsible for developing an opinion of market value. Such opinion shall be developed by analyzing such factors as utility, scarcity, desire, and effective purchasing power of the community. The analysis shall require the study of all value influences and may take the following approaches: the current cost of reproducing

or replacing the home, minus an estimate for depreciation plus the value of land; the value indicated in recent sales of comparable properties in the market; and the value that the property's net earning power will support. Once the appraisal process is completed the Program Manager must submit the corresponding valuation report to the PRDOH for the specific case requested. This task shall also include any other task necessary to complete the appraisal of a home's fair market value. The contract will include an allowance item from which the Program Manager may be able to bill for the appraisal of home market values. At no time whatsoever may the Program Manager bill to the PRDOH over the total allowance amount included in the contract for Appraisal of Home Market Value. If additional funds are required for the allowance, then the proper amendment to the contract shall be executed between the parties to allow for the additional budget. For cases that may require the appraisal of a home's current value, appraisals shall be performed by the Program Manager within a five (5) business days period from the time the PRDOH deems an applicant eligible or from the date of request for replacement properties. If the appraisals cannot be performed within the required timeframe, the Program Manager must document the reasons for not complying. PRDOH will only accept non-compliance with the established timeframe for reasons out of the control of the Program Manager.

■ URA Reimbursement Allowance

Program Managers are required to issue URA assistance payments to qualifying URA occupants or tenants for temporary or permanent relocation, as applicable by the Uniform Relocation Act and as approved by the PRDOH. The PRDOH will reimburse Program Managers for the URA assistance payments issued as approved by the Program. The PRDOH will provide the Program Manager with a URA Reimbursement Allowance and a fixed URA Administrative Fee to cover for the administrative cost incurred.
