This **AMENDMENT A TO THE SUBRECIPIENT AGREEMENT ("AMENDMENT A")** is entered into this 24 day of February, 2023, by and between the **PUERTO RICO DEPARTMENT OF HOUSING** (the "**PRDOH**"), a public agency of the Government of Puerto Rico created under Act No. 97, of June 10, 1972, as amended, 3 LPRA § 441 et seq., known as the "**Department of Housing Organic Act**" (the "**Organic Act**"), with principal offices at 606 Barbosa Ave., San Juan, Puerto Rico, represented herein by its Secretary, Hon. William O. Rodríguez Rodríguez, of legal age, attorney, single, and resident of San Juan, Puerto Rico; and **LUCHA CONTRA EL SIDA, INC.** ("**Subrecipient**"), with principal offices in San Juan, Puerto Rico, represented herein by its Executive Director, Ramfis J. Pérez-Rivera, of legal age, married, and resident of Guaynabo, Puerto Rico; collectively the "**Parties**".

I. RECITALS AND GENERAL AWARD INFORMATION

WHEREAS, on May 4, 2021, the Parties entered into a Subrecipient Agreement, under the Social Interest Housing (SIH) Program, for the amount of **TWO MILLION EIGHT HUNDRED TWENTY-NINE THOUSAND and FORTY-THREE DOLLARS (\$2,829,043.00)**, registered as **Contract Number 2021-DR0198**. The Parties agreed on a performance period of **two (2) years** from the day of the execution of the Agreement, ending on **May 4, 2023**.

WHEREAS, as per Section IX (A) of the Agreement, the Agreement may be amended in writing and signed by a duly authorized representative of each party. Nonetheless, the amendment shall not invalidate the Agreement, nor release the Parties from their obligations under the Agreement.

WHEREAS, this **AMENDMENT A** does not constitute an extinctive novation of the obligations of the parties under the Agreement.

WHEREAS, the PRDOH has the legal power and authority, in accordance with its enabling statute, the Organic Act, the Federal laws and regulations creating and allocating funds to the CDBG-DR Program and the current Action Plan, to enter into this **AMENDMENT A**.

WHEREAS, The Subrecipient has duly adopted the Resolution dated February 13, 2022, authorizing Lucha Contra el Sida Inc. (via its authorized representative, Ramfis J. Pérez Rivera) to enter into this Agreement with the PRDOH, and by signing this **Amendment A**, the Subrecipient shall comply with all the requirements described herein.

NOW THEREFORE, in consideration of the mutual promises and the terms and conditions set forth herein, the PRDOH and the Subrecipient agree to execute this **AMENDMENT A** subject to the following:

TERMS AND CONDITIONS

II. SCOPE OF THE AMENDMENT

The Subrecipient explained the efforts and challenges they have encountered during the project delivery operation. Due to a variety of factors, the tasks have not been completed within the given time, and an extension of the contract is needed. Consequently, the Subrecipient requested an extension of fourteen (14) additional months to the performance period of the agreement to complete all of the project-related tasks.

After reviewing the request, the Program determined that a **fourteen (14) month** time extension is needed to address all the project activities for the project and program closeout.

Furthermore, on February 24, 2023, the Subrecipient informed the Program about the results from "El Zorzal Apartments" project procurement process. The received bids exceeded the approved budget of the project. Although the Subrecipient has additional funding for the aforementioned project from the Federal Home Loan Bank of New York, there is still a gap of three hundred seventy-one thousand seven hundred forty dollars (**\$371,740.00**) that needs to be covered. The Subrecipient indicated that the costs are reasonable and were validated by their Architectural and Engineering Services consultant.

Therefore, the Subrecipient has requested a redistribution of funds, from the *Construction Services (Contracted)* budget item allocated to "Renacer de Vida" project, to the *Construction Services (Contracted)* budget item of "El Zorzal Apartments" project. The redistribution shall allow the Subrecipient to finalize the contract for the installation of photovoltaic systems of "El Zorzal Apartments" project. The Program area has reviewed the budget redistribution request and has determined that is needed in benefit of the Program.

Additionally, certain terms and conditions of the Agreement are being amended, including modifying **Exhibit B** (Timeline and Performance Goals), **Exhibit D** (Budget), and **Exhibit H** (Subrogation and Assignment Provisions). **Exhibit J** (Non-Conflict of Interest Certification) is being incorporated into the Agreement.

KEY ACTIVITY 1.1 PROJECT DESIGN DEVELOPMENT IS COMPLETED AND DELIVERED

After PRDOH has delivered the SRA Agreement, the Project Design Development must be completed to initiate the Environmental Review and Construction Phase. Amidst Construction Phase, it is critical to ensure that construction practices are met, and the project timeline is maintained. To ensure this, PRDOH will require the Subrecipient to

RJP
WORR
WORR

submit Monthly Inspection Reports and SRA Monthly Administrative Reports. The Key Objective #1 outlines the requirements of this workflow specifically within a Design Build scenario; which deploys a single contract to procure both design and construction services simultaneously.

The Subrecipient must conduct procurement following the applicable federal procurement rules and regulations.

- Design Build

After being awarded the RFP Bid, a Design Build firm will enter into a single contract, offering their combined services as one business entity. Since a Design Build firm would enter into a single contractual agreement with Lucha Contra el Sida, Inc , the "design to construction" process is streamlined, allowing for a *fast-track* approach. This streamlined form of practice and communication is ideal for all project types especially ones that are using existing conditions, where oftentimes unforeseen construction circumstances may occur, (New Construction¹, Rehabilitation², and Renovation³ projects). The design process is also streamlined, usually resulting in a shortened design development phase that is combined with construction documentation. Lastly, Design Build workflows eliminate the need to procure separate construction services. Instead, design team, (which is comprised of both licensed Architects and licensed Engineers) is part of the same team of licensed professionals that conduct construction services. (**Note:** NGO may choose to perform separate procurement processes which may include but is not limited to equipment, additional purchases of goods or services to achieve SRA Goals, as long the processes comply with the regulation of the 2 C.F.R. § 200.318 - 2 C.F.R. § 200.327.)

¹ New Construction refers to site preparation for, and construction of, entirely new structures and/or significant extensions or the way that something is put together. Homes or structures considered as new construction usually are built within the past year and a half.

² Rehabilitation refers to returning a structure exterior or interior to a useful state by means of repair, modification, or alteration and additions while preserving/retaining those portions or features which convey its historical, cultural, or architectural values

³ Renovation refers to the process of returning existing old structures, typically damaged, defective or out of code compliance, up to a modern, improved state, meeting new code requirements regulated by federal or local law. Typically, major elements of the structure are added, relocated or reconfigured for functional, efficiency or marketability reasons.

RJP
WORR
WORR

- Inspection Services

Prior to the execution of an Inspection Service contract, these services shall be procured. The services will be performed in parallel with the Design Build Services timeline. After being awarded the Small Purchase, the Inspection firm will enter into a single contract with the Lucha Contra el Sida, Inc. Since a Design-Build firm will be responsible for design and building the approved CDBG-DR project, the Inspection company shall work in conjunction with the "fast-track" construction timeline. Since the design process is also streamlined, it will result in a shortened design development phase that occurs alongside the construction documentation and consequently, reporting phase. Ultimately, this will allow a third party, such as the Inspection Services, to advocate on behalf of the Subrecipient to ensure Quality Assurance/Quality Control (QA/QC) of performed construction services.

KEY ACTIVITY 1.2 PROJECT DELIVERY & CLOSEOUT

For the Project(s) to be considered "complete," milestones must be delivered to ensure the safety of the Project's user(s). The Project's completion is not marked solely upon the completion of the Project's Construction Phase but is also marked by the approval of the project closeout binder.

KEY ACTIVITY 1.3: AFFORDABILITY PERIOD

It is essential to provide continued satisfaction to the Project's user and ensure that the Project(s) has a continued ability to provide shelter and community to its targeted population. A method to consider when maintaining the Project's continued success is to evaluate the Project on an annual basis. This allows the proper parties involved to be updated regularly on any developments and ensure that the cost of living does not rise.

Annual Reports can summarize changes in a timely manner, which can help the proper parties mitigate concerns more quickly and efficiently. In the long term, Post Construction Annual Reports for the established period of **ten (10) years** for funded projects meeting the LMI National Objective using the Limited Clientele subcategory, as established in the Program Guidelines ensure the lasting quality and resilience of the community.
