

The program seeks to strengthen the Island's economy through the incubation and acceleration of small businesses, as well as facilitating resources to create and provide the infrastructure in support of both business development processes.

SMALL BUSINESS INCUBATORS AND ACCELERATORS PROGRAM

***Get ready to develop
your idea or strengthen
your business!***

- Its main objective is to assist citizens affected by hurricanes Irma and María in creating new businesses, through an incubation process, or to strengthen existing ones through an acceleration process. This, with the support of various entities throughout the Island who were selected after submitting their business proposals.

- Some of the services are: Providing a collaborative workspace with mentoring services, assistance in the incubation/acceleration process, professional networking, exchanges of ideas, training/practical workshops on management, counseling, technical assistance, providing physical spaces and commercial resources at affordable costs for small and new businesses.

*This may vary depending on each participant's offering.

Learn about the entities throughout the Island that are focused on developing the skills and abilities of Puerto Ricans under this program while strengthening the economy of Puerto Rico.
