WHEREAS, each party represents that the person executing this Amendment has the necessary legal authority to do so on behalf of the respective party.

NOW THEREFORE, in consideration of the mutual promises and the terms and conditions set forth herein, the PRDOH and the CONTRACTOR agree as follows:

II. SAVINGS CLAUSE

The information included in this Amendment C serves the purpose of modifying and amending certain terms and conditions under the Agreement, as established in the following Articles III and IV of this Amendment C. All other provisions of the original Agreement, including its attachments, shall continue to be in full force and effect.

III. SCOPE OF AMENDMENT

The Construction Management (**CM**) contracts were initially executed for a performance period of three (**3**) years, with the option of being extended up to twenty-four (**24**) months. The ten (**10**) contracts executed were amended to extend their duration —performance period— to five (**5**) years. The contracts are due to expire between November and December 2024.

Recognizing the need for new competitive bidding procedures for construction management services, PRDOH issued two (**2**) requests for proposals (**RFP**) for construction managers including the R3 Program and other programs under the CDBG-DR/MIT Program. The first RFP, CDBG-DRMIT-RFP2022-07, was issued on June 17, 2022, for construction management services for the R3 Program, the Blue Roof Repair, the Single-Family Housing Mitigation programs, and the CEWRI Home Energy and Water Resilience Installations and Incentive Subprograms. This RFP resulted in the execution of five (**5**) contracts. The second RFP, CDBG-DRMIT-RFP-2023-06 (**RFP-2023-06**), was issued on September 1, 2023, for construction management services for the R3 Program and the Single-Family Housing Mitigation Program. On April 24, 2024, PRDOH awarded the RFP to four (**4**) entities. Upon executing these contracts, the Program will allocate new work to the awarded entities while gradually reducing the assignment of tasks and ultimately entering the close-out phase with the contracts awarded in 2018. This strategic initiative sought to prepare the Program for the eventual expiration of the original contracts.

However, given that the original CM contracts —~~ten~~ (**10**) — are ending, PRDOH is preparing for a transition period of orderly closure, while ensuring the Program's continuous operation. Given this scenario, the Housing Division found the need for a six-month extension of the CM contracts to ensure service continuity and proper contract closure. The Housing Division explained that the unforeseen pandemic, additional environmental stressors, the state of the construction industry (including available resources) in Puerto Rico, and the financial landscape require PRDOH to responsibly manage, adapt to, and correct circumstances faced by the original CMs to ensure the Program's goals are met.

Given the critical nature of the CM contract extensions, PRDOH carried out an analysis to determine if an additional extension of the CM agreements could be deemed reasonable. From a contract law perspective, an amendment may always be permissible as long as it is not contrary to the law, morality, or public order. However, as a CDBG-DR grantee, PRDOH is under a statutory duty to uphold the principles of full and open competition in its procurement processes. This entails, among other considerations, awarding procurement contracts over a specified dollar threshold through a competitive bidding procedure. As a consequence of this principle, various federal administrative

and judicial forums have determined that a contract modification cannot deviate in any substantial way from the scope of the original contract to interfere with or defeat the purpose of competitive procurement. In such instances, the contract amendment may be of such nature or magnitude that it risks being construed by the courts as a different contract from the one originally procured, which could then only be effected by executing a new bidding procedure.

When assessing the appropriateness of a contract amendment under this legal doctrine, the courts determine whether the modification remains within the scope of the original competition or if there is a significant difference between the amended contract and the originally awarded contract. A modification generally falls within the scope of the original procurement if it is one that a reasonable bidder would have foreseen.

After applying this test to the proposed extension of the CM agreements, it is reasonable to conclude that the modification falls within the scope of services originally procured in the RFP. Firstly, the proposed amendment wouldn't require the CMs to perform services materially different from the ones already provided. The proposed amendment would require that previously assigned work be completed in accordance with the original terms and conditions of the agreement. Secondly, the proposed amendment is not intended to extend the contracts to assign new work to the contractors. The amendment will serve the purpose of finishing assigned cases to the original CMs as well as transitioning work to the new CMs, ensuring service continuity for R3 Program participants.

In addition to the concerns regarding the principle of full and open competition, any contract amendment must also be justified with specific facts that adequately support the nature and scope of the proposed modification. In this case, it's crucial to highlight the importance of the R3 Program, which provides assistance to homeowners whose homes have been severely damaged by disasters through three activities: (1) repair, (2) reconstruction, or (3) relocation. Therefore, maintaining service continuity in a program of this nature is critical for promoting long-term recovery and building resilient communities.

To substantiate their arguments, the Housing Division presented various challenges they would face with the current expiration of the CM contracts. The Housing Division explained that, despite halting new work assignments, previously assigned work to the original CMs is already underway and is projected to remain incomplete by the current expiration of the contracts. The Housing Division outlined that for the construction projects that will not be completed on time, the R3 Program will need to determine if: (1) the current structure needs to be demolished and the project restarted under a new CM or (2) the current home under construction can be completed using a different CM. They elaborated that the latter raises several issues including, but not limited to, determining which CM will be responsible for the home's warranty period and the process of reassigning professional staff such as engineers, architects, and designers.

The Housing Division further explained that if the R3 Program decides to restart the project, it will need to determine if it will or can pay for any expenses incurred for the construction activities completed before the reassignment of the application. They conveyed that this will also require the case to return to the scoping phase for the new CM to develop a scope of work, and a new grant agreement will need to be signed before proceeding with a new design and permitting process.

Given this complicated scenario, PRDOH needs to overcome various technical and operational challenges arising from the R3 Program's unique scope and complexity. Left unaddressed, these challenges may threaten the R3 Program's performance and service

continuity. Moreover, the transfer of construction projects to the new CMs would entail a significant operational shutdown of the construction process itself, posing additional concerns. As a result, an amendment to the CM contracts to extend the period of performance for an additional six (6) months to guarantee uninterrupted program operation and a gradual transfer of responsibilities to the new CMs is reasonable and does not infringe on the principles of full and open competition.

Consequently, through Amendment C, **ARTICLE II. TERM OF AGREEMENT** is being amended to extend the term of the Agreement for an additional six (6) months, ending on **June 10, 2025**. Moreover, **ARTICLE XII. TERMINATION, F. PERIOD OF TRANSITION**, is being amended to reflect a new period of transition terms. Moreover, modifications to **ARTICLE XVII. FORCE MAJEURE**, **Article XXII. SUBCONTRACTS**, and **Article LIV. CDBG-DR POLICIES AND PROCEDURES** are being incorporated by Amendment C. Also, the parties agree to add **ARTICLE LV. SYSTEM FOR AWARD MANAGEMENT (SAM) REGISTRATION**.

Also, updated versions of **Attachment G** (HUD General Provisions) and **Attachment I** (Contractor Certification), as well as a new **Attachment J** (Non-Conflict of Interest Certification), are being incorporated by reference into the Agreement via Amendment C. Lastly, modifications to **ARTICLE I. TYPE OF CONTRACT** of the Agreement are being incorporated to address the introduction of the aforementioned new attachment. All other provisions of the original Agreement remain unaltered.

CONTRACTOR shall provide to the PRDOH the assistance reasonably requested to facilitate the orderly transfer of responsibility for the performance of the Services to the PRDOH or a third party designated by the PRDOH. PRDOH reserves the right to provide for the execution of a Transition Services Agreement for the Transition Period. In such instance, the CONTRACTOR will be paid at a reasonable, agreed upon, hourly rate for any work performed for the PRDOH during the Transition Period. Moreover, during that Transition Period, all finished or unfinished records (files, data, work product) connected with this Agreement will be turned over to PRDOH.

The party claiming Force Majeure shall exercise due diligence to prevent, eliminate, or overcome such Force Majeure event where it is possible to do so and shall resume performance at the earliest possible date.

*The CONTRACTOR shall notify the PRDOH in writing as soon as possible, but in any event within **ten (10) business days** of the occurrence of the Force Majeure event and describe in reasonable detail the nature of the Force Majeure event, how the non-performance or delay relates to or arises from the Force Majeure event, its anticipated duration and any action taken to minimize its effect. Further, the CONTRACTOR acknowledges that all funds are subject to recapture and repayment for non-compliance.

Furthermore, it is hereby stipulated that every such provision is deemed to be inserted and if, through mistake or otherwise, any such provision is not inserted herein or is not inserted in correct form, then the Agreement, as amended, shall forthwith, upon the application of any Party, be amended by such insertion so as to comply strictly with the law and without prejudice to the rights of any Party.

XIII. COMPLIANCE WITH THE FINANCIAL OVERSIGHT AND MANAGEMENT BOARD FOR PUERTO RICO (FOMB) POLICY: REVIEW OF CONTRACTS, AS MODIFIED ON APRIL 30, 2021, REGARDING PROFESSIONAL SERVICES

WORR
WORR
af
The FOMB Policy requires that all agreements that contemplate recurring professional services that may be performed by appropriately trained government staff include a provision of compliance with the adequate transfer of skills and technical knowledge to the pertinent public sector personnel. This requirement shall not apply to contracts that contemplate non-recurring professional services or specialized professional services that may not be performed by existing staff at the applicable governmental entity, including as a result of independence requirements.

Accordingly, given that the agreements under CDBG-DR are non-recurring professional services or specialized professional services, the PRDOH certifies that the transfer of skills and technical knowledge required by the Certified Fiscal Plan is inapplicable given the non-recurring or specialized nature of the contracted services.

As mentioned before, HUD allocated funds for disaster recovery assistance to the Government of Puerto Rico under the CDBG-DR Program. These funds are intended to provide financial assistance to address unmet needs that arise and that are not covered by other sources of financial aid. In addition, with these allocations of funding under the Grant Agreement, the PRDOH will conduct a comprehensive recovery to benefit the residents of Puerto Rico.

XIV. COMPLIANCE WITH THE FINANCIAL OVERSIGHT AND MANAGEMENT BOARD FOR PUERTO RICO (FOMB) POLICY, REVIEW OF CONTRACTS

As part of the PRDOH contract process, and pursuant to Section 204(b)(2) of the "Puerto Rico Oversight, Management, and Economic Stability Act," 48 U.S.C. §2101, *et seq.*, also known as "PROMESA", the Financial Oversight and Management Board for Puerto Rico (**FOMB**) require approval of certain contracts and amendments to assure that they "promote market competition" and "are not inconsistent with the approved fiscal plan." For the approval process, the FOMB requests, among other information, the Contractor Certification Requirement for its evaluation.

In compliance with the above, the CONTRACTOR represents and warrants that the information included in the Contractor Certification Requirement is complete, accurate and correct and that any misrepresentation, inaccuracy or falseness in such Certification will render the contract null and void and the CONTRACTOR will have the obligation to reimburse immediately to the Commonwealth any amounts, payments or benefits

received from the Commonwealth under the proposed Amendment and original Agreement.

XV. SURVIVAL OF TERMS AND CONDITIONS

The terms and conditions of this Amendment related to the following subjects shall survive the termination or expiration of this Amendment: interpretive provisions; consideration; warranties; general affirmations, federal assurances, federal and state certifications; CDBG-DR and state funding, recapture of CDBG-DR and/or state funds, overpayment of CDBG-DR and/or state funds; ownership and intellectual property, copyright; records retention methods and time requirements; inspection, monitoring, and audit; confidentiality; public records; indemnification and liability; infringement of intellectual property rights; independent contractor relationship; compliance with laws; notices; choice of law and venue; severability; dispute resolution; consolidations, merger, change of name, and dissolution. Terms and conditions that, explicitly or by their nature, evidence the Parties' intent that they should survive the termination or expiration of this Amendment shall so survive.

IN WITNESS THEREOF, the Parties hereto execute this Amendment in the place and on the date first above written.

The CONTRACTOR must comply with the regulations regarding systematic and organized approach to analyze functions of systems, equipment, facilities, services, and materials to ensure they achieve their essential functions at the lowest cost consistent to life cycle in execution, reliability, quality, and safety, in accordance with 24 C.F.R. § 200.318(g).

46. UNIFORM RELOCATION ASSISTANCE AND REAL PROPERTY ACQUISITION POLICIES ACT (URA)

Every project funded in part or in full by Community Development Block Grant – Disaster Recovery (CDBG-DR) funds, and all activities related to that project, are subject to the provisions of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA), as amended, 42 U.S.C. § 4601 et seq., and section 104(d) of the Housing and Community Development Act of 1992, as amended (HCDA), 42 U.S.C. § 5304(d), except where waivers or alternative requirements have been provided by the U.S. Department of Housing and Urban Development (HUD). The implementing regulations for URA are at 49 C.F.R. Part 24, and the regulations for section 104(d) are at 24 C.F.R. Part 42, subpart C. Additionally, HUD has established regulations specific to CDBG-funded housing activities at 24 C.F.R. § 570.606. PRDOH has also established the Uniform Relocation Assistance Guide & Residential Anti-Displacement and Relocation Assistance Plan (URA & ADP Guide) which provides guidance and requirements regarding URA compliance and minimizing displacement that are applicable to all CDBG-DR programs. The primary purpose of these laws and regulations is to provide uniform, fair, and

equitable treatment of persons whose real property is acquired or who are displaced in connection with federally funded projects.

When CDBG-DR funds are planned, intended, or used for any activity or phase of a project and the phases are interdependent, URA applies to that activity or project. This includes any property acquisition, even if CDBG-DR funds are not used to fund the purchase, if the contract to acquire property is executed with the intention of seeking CDBG-DR funds to complete the project or an interdependent phase of the project. Contractors are responsible for ensuring URA compliance throughout the design, proposal, and implementation of any project that includes real property acquisition or displacement of residential or business occupants.

47. OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970 (OSH ACT)

The CONTRACTOR shall comply with the Occupational Safety and Health Act of 1970 (OSH Act) as supplemented by the Department of Labor regulations. This Act created the Occupational Safety and Health Administration (OSHA). OSHA sets and enforces protective standards of safety and health in the workplace. Under the OSH Act, employers have a responsibility to provide a safe workplace.

Employers must comply with the 29 CFR 1910 General Obligations Clause of the OSH Act. This clause requires employers to maintain their workplaces free from serious recognized hazards. This includes the adoption of safety and health guidelines and the subsequent training of the employer's workforce in these.

CONTRACTORS whose Scope of Work includes construction activities must comply with the General Clauses, and also with provisions of 29 CFR 1926 "Construction Health and Safety Regulations". It shall be a condition of any contract for construction, alteration and/or repair, including painting and decorating, that no contractor or subcontractor for any part of the contract work shall require any worker or mechanic employed in the performance of the contract to work in an environment or in unhealthy, hazardous or dangerous working conditions to their health or safety.

48. FEDERAL FUNDING ACCOUNTABILITY AND TRANSPARENCY ACT (FFATA)

The Federal Funding Accountability and Transparency Act of 2006 (**FFATA**), as amended, was signed with the intent of reducing wasteful government spending and providing citizens with the ability to hold the government accountable for spending decisions. 2 C.F.R. § Part 170 outlines the requirements of recipients' in reporting information on subawards and executive total compensation under FFATA legislation. Any non-Federal

entity that receives or administers Federal financial assistance in the form of grants, loans, loan guarantees, subsidies, insurance, food commodities, direct appropriations, assessed and voluntary contributions; and/or other financial assistance transactions that authorize the non-Federal entities' expenditure of Federal fund, is subject to these requirements. Prime contract awardees and prime grant awardees are required to report against subcontracts and subgrants awarded in the FFATA Subaward Reporting System (FSRS), the reporting tool for Federal prime awardees. This information reported will then be displayed on a public and searchable website: www.USASpending.gov.

49. PROCUREMENT

The Uniform Guidance procurement requirements (2 C.F.R. § Part 200, Subpart D) went into effect on July 1, 2018. These requirements are applicable to CDBG-DR funded projects, or as provided by 83 Federal Register 5844 VI A(1)(b)(2) permits a state grantee to elect to follow its own procurement policy. These policies and procedures ensure that Federal dollars are spent fairly and encourage open competition at the best level of service and price.

50. CHANGE ORDERS TO CONTRACTS

 Change orders are issued when the initial agreed-upon pricing or work to be completed requires modification. First, the CONTRACTOR must complete a Change Order Request Form. This form and supporting documentation must be delivered to the PRDOH for review. Each change order must have a cost analysis. Once the Project Manager approves the change order, it is returned to the contractor for execution. Change orders are only invoiced on the final draw and categorized as "change orders." The amount listed on the invoice must match the previously approved amount and must be cost-reasonable. The PRDOH is responsible for verifying cost reasonableness. Verification documentation for cost reasonableness becomes an attachment to the change order.

51. LANGUAGE ACCESS PLAN

Executive Order No. 13166, signed on August 11, 2000, requires programs, subrecipients, contractors, subcontractors, and/or developers funded in whole or in part with CDBG-DR financial assistance to ensure fair and meaningful access to programs and services for families and individuals with Limited English Proficiency (**LEP**) and/or deaf/hard of hearing. Fair access is ensured through the implementation of a Language Assistance Plan (**LAP**), which includes non-English-based outreach, translation services of vital documents, free language assistance services, and staff training. Vital documents are defined as depending on the importance of the program, information, encounter, or service

The Fair Housing and Equal Opportunity Language Access Plan for all CDBG-DR/MIT Programs states that Subrecipient Agreements will include requirements for the provisions of LEP and Limited Spanish Proficient (**LSP**) resources by subrecipients for all public participatory activities, including marketing, outreach, applications, vital document translations as well as monitoring requirements. Subrecipients and contractors have to comply with the following LEP/LSP requirements:

- a. Provide Spanish translations for all outreach, marketing, application materials, and vital documents, and advertise the availability of language assistance services.
- b. Requirements will also be added for subrecipients, contractors, and other administering entities that interact with LEP/LSP individuals as part of the implementation of the CDBG-DR/MIT Programs to:
 - i. Develop and maintain operating procedures that address LEP/LSP assistance;
 - ii. Maintain inquiry and application logs that specify language of choice;
 - iii. Submit documentation to PRDOH supporting subrecipient efforts to further LEP access;
 - iv. Submit translated documentation to PRDOH for maintenance in PRDOH's project files; and
Require periodic monitoring by PRDOH for compliance with LEP/LSP requirements.

CDBG-DR/MIT subrecipients and contractors, as well as any other administering entities that interact with LEP/LSP individuals as part of the implementation of the programs, will be required to maintain inquiry and application logs that document the language preference of persons seeking to apply or participate in CDBG-DR/MIT funded activities.

52. PERSONALLY IDENTIFIABLE INFORMATION

In accordance with 2 C.F.R. § 200.303, regarding internal controls of a non-Federal entity, a grantee must guarantee the protection of all Personally Identifiable Information (PII) obtained. The program will enact necessary measures to ensure PII of all applicants is safeguarded as to avoid release of private information. If a contractor or employee should experience any loss or potential loss of PII, the program shall be notified immediately of the breach or potential breach.
